

EPSILON CAMP 2024 PAYMENT AGREEMENT

I understand that withdrawal requests received in writing no later than March 1, 2024 will have all paid fees refunded in full, minus a registration fee of \$150 per camper. After March 1, both the \$150 registration fee and the tuition deposit of \$1000 per camper are non-refundable. The remaining balance of tuition and room/board fees is due on May 1, 2024, and no refunds will be made for withdrawals for any reason after this date. Epsilon Camp recommends travel insurance, such as TravMark, to protect your travel, tuition, and room/board payments in case you are unable to attend camp or must leave early due to an emergency.

_____ (initial here)

I understand that Epsilon Camp must receive all camp forms and final payments by May 1, 2024 in order to guarantee my family's spot at camp. Registrations for which checks have not been received and/or forms have not been submitted by May 1 will be subject to a \$200 late fee; these families will be required to submit their payment electronically, and will lose their spot to a family on the waitlist if the payment and/or completed forms are not submitted by May 5. In addition, any housing assignments or preferences previously confirmed will only remain guaranteed if both the final payment and the forms are submitted by the May 1 deadline.

_____ (initial here)

I understand that Epsilon Camp provides the exact number of attendees to Miami University, for the purpose of allocating lodging and meals for all participants for the duration of camp. Therefore, I understand that there will be no refunds after commitments are made to the university if I reduce the number of lodging nights, lodging participants, or meal plans required by my family. This includes situations in which any family member is unable to attend camp or must leave early due to an emergency.

_____ (initial here)

I understand that adjustments to my bill may be made once Epsilon Camp receives the final comprehensive bill from Miami University upon the completion of camp. These may include but are not limited to: lodging and associated costs, individual meals billed to camp, lost access card/lockout charges, damage charges, and late check-out fees. I further understand that Epsilon Camp expects campers and families to comply with Miami University policies and that the camp will not be responsible for fines or penalties incurred by violating those policies.

_____ (initial here)

I, _____ (name of person responsible for payment), agree to pay the invoice in full and understand and agree to the above policies. I am over the age of 18 and am voluntarily signing this agreement as my own free act fully intending to be legally bound by it.
